

Attestation

European National Regulations on VOC emissions

On 22 January 2020, Eurofins Product Testing A/S received a sample of a chemical anchor with the product name:

MO-PU

supplied by

Index Técnicas Expansivas, S.L.

The emissions were tested according to the regulations in Germany, France, Belgium and Italy. The test is in accordance with German AgBB (2018) and the guidelines of the DIBt (2010), the German ABG (2019), the French legislation of 2011 on emission classes as specified in decree no 2011-321, the Belgian Royal Decree C-2014/24239 and the Italian CAM decree 11, section 2.3.5.5 (2017). Sampling, testing and evaluation were performed according to EN 16516, ISO 16000-3, ISO 16000-6, ISO 16000-9 and ISO 16000-11, see the test report no. 392-2020-00038202_A_EN_rev1_02.

The tested sample complies with the European regulations as mentioned below:

- French VOC Regulation (DEVL1101903D and DEVL1104875A of March and May 2011 showing emission class: 
- German ABG of May 2019
- Belgian Royal Decree C2014/24239
- Italian CAM decree 11 section 2.3.5.5 (2017)

The tested product complies with referenced European regulations as of 6 August 2020.
